Note.

Certain cites in the Western Extension between the new Jaragpeth and the Pioneer Chowki have been applied for both by Dakhani Hindustanis and by Native Catholic Christians.

2. The Native Christians claim the grant of the land on the ground that it is bounded on two sides by the R.C. Church and Cemetery, and hence it is peculiarly suited for occupation for R. catholics rather than for any other purpose."

Petn. dt 5-7-97.

3. Mr Leonard, the Presidt of the Mills, recommended the grant to the Christian Community; but expressed doubt as to whether it could be granted at all, as it was noted in the reserve for public purposes in Govt Resn No. 24992-25703 / E.R. 02-92 dt 27-6-95.

No 129 dt 20-8-96. Serial 5.

The ground plan of the Western Extension, however, contained the entry that the land was reserved for "Dakhanian Hindustanis" [not "Brahmans" as misquoted.] Upon this discrepancy, the Presidt asserted that there was nothing on record to show that this appropriation was sanctioned by the City Improvt Committee or by Govt

written order of the Dy Comr. - He was assured that it was done on the verbal order of the Dy Comr as Presidt, but he threw discredit on the testimony of Mr Jivan

4. These assertions of Mr Leonard appear from the Deputy Comrs letter of the 24 Sept 96 (no 333) to have been erroneous.

Both from the explanation of the Vice Presidt, from the plans and from records of the City Supdt Corpn, Mr Narsimiengar was convinced that the land in question "was not part of the forbidden Pinnacle, but part of the old Barr Parade from which the Mandi and other sites of the new Jaraggpete had been carved out."

Consequently on the 20th April 1896, Mr Narsimiengar directed in writing that, if the reservation ordered by Govt did not extend to the Barr Parade, the applon of the D. Hindusthanis might be granted, and that list of the sites should be prepared with the price of each marked thereon.

But before he could confirm the grants, the charge of the municipality was transferred to Mr Leonard.

5. It should be added that the D. Hindusthanis had first applied for the site in March 1895, but the allotment of sites had not commenced at that time.

The petition of the Native Christians is dated 6th May 1896, that is, after the order of the then Presidt directing the grant to the D. Hindusthanis

5. The sites really required by Govt are referred to

⊗. This resolution has been determined by the Presidt, instead of being sent with his report. (Vide last para of para 5)

Submitted for orders with Agent's letter etc 69 dated 15th Sept. 1897 returning the plan, marking thereon the sites specially reserved in old Pioneer Cheri, the extent of which is given as 1 1/19 acre or 1 acre 2 Guntas instead of 1 acre 20 Guntas as given in Proc of 27/6/95. No explanation is given as to whether the remaining 18 Guntas are included in the sites marked for Dakshinavara Hindustanees or not in the extent still to be acquired.

Draft Proc DRJ 24/9/97

From the plan noted by the Presidt it would appear that the entire locality is called Old Pioneer Cheri that the sites already acquired and specially reserved for this

Woodlo interspersed among the sites hereto to be acquired, the former measuring 1a. 2q. and the latter 1a. 8½q, and that 18 grantees are still required to make up the 1½ acres reserved in the Order of 27. June 85.

In view of the diversity of the recommendations of the present and previous Respondents and the fact that the reservation ordered by Govt. has not been completely carried out, it would perhaps be expedient to withhold the site under advisement for the present till the extent of the requirements for public purposes is finally determined upon.

19/10/97. Govt Secy Engr 21/10/97

I think there was another Plan on the record - What has become of it? Of the land in question is the Sectional land reserved under the Order of 27. June 1895, the grant recites to Dalkeith Railways not to Churchmans can be cancelled. The Dy Comm^r drawn a distinction between the old Pioneer Chiefs & the Boer Barrack - Of these there is certainly Mention on the other Plan 8-11-97

8/11/97

Subs to Secy with ref^e to the above remarks.

No other plans are available either in this Office or in those of the Dy Comm^r and the Res^t. The expressions "Pioneer Chiefs" and "Boer Barrack" appear from private enquiries made by me to refer to the same locality -

Sir,

I beg to acknowledge receipt of No. 1997 dated 9th Instant, enclosing a petition from certain members of the Roman Catholic community soliciting that certain sites in the Western Extension adjacent to the North gate of St Joseph Chapel may be allotted to them for building purposes on the same terms and conditions as

as Government have never issued to grant to the other Communities of the public

Old Lane marked thus red and neg to state that the land required in old Pioneer cherry covers are area of 1½ acres and as per statement No 4 of Government Proceedings No 24999–25008 / L 7 82–92 as noted to be resumed for public purposes

This area, however, as shown on the ground plan map of the Western Extension submitted with my No 119 of the 15th March ult as divided into 19 building Sites and as crossed as to be appropriated for "Dhakshinaus Dakshinaus"

There is however nothing on record to shows that this appropriation was sanctioned by the late City Improvement committee or Government but I am assured it was done on the Verbal orders of the Deputy Commissioner as President of the Municipality

If it is intended that these sites

be given out for new buildings, submit that they might appropriately be set apart to meet the requirements of applicants belonging to the Christian community. If on the other hand the land is still required for public purposes, it must and will be retained entact.

In conclusion I may add that there still remain some more lands to the west of this block to be acquired to complete what may be called the old Pioneer cherry Block and I shall be glad to have orders with regard to the acquisition of the same

The petition of the christians is retained pending orders of Government.

Sir

With reference to the Secretary
his No 12919/L7 116-95 of the 29th Ultimo: requesting to quote
the authority or the circumstances under which
a portion of the Western Extension lands — between
the New Tharagapetta sites & the Pioneer Cheri,
marked yellow on the map — was shown as re-
served for the "Dakshinavasi Hindusthanis,"
I have the honor to inform you that the sites in
question were so marked as per orders of the
Deputy Commissioner & late Municipal President,
under the following circumstances:—

2. The members of the above named Com-
munity applied, in December 1895, for the grant
of the vacant land in front of the Pioneer Cheri,
to Mr Purnaiyya, the then Deputy Commissioner
and

and President, who ordered that he would Con-
-sider the application after the alignment
of the Railway Siding to the new Kharaga Petta
was decided upon-

3 They next applied, in February 1896, to
Mr. Narasimmangar, the Deputy Commissioner
& Municipal President, who inspected the
locality on the 31st March (in company with
Mr. J. J. Leonard, then Asst Commissioner), & on
the Vice President explaining that the Govt order-
No. $\frac{24999-25003}{L.F\ 82-92}$ of 27th June 1895 — only applied
to the land acquired out of the Old Pioneer Cheri,
while the land in question was a portion of the Old Barr
Parade ground, the Deputy Commissioner was
pleased to order that the application might be
granted

4 It was in accordance with the Deputy
Commissioners instructions that the Vice President
got the sites marked on the ground & on the plan,
and submitted a statement of the sites, with
the prices proposed for each site This has also
been shown on the map recently submitted to
Government

5. As I was not in charge of the
Extension

Extensions during the regime of the last City Improvement-Committee, I had to obtain the details now shown on the maps, from the Accounts, as far as possible. There are no resolutions of the City Improvement Committee on all subjects, but all the same, the sites have been granted to several other communities. As a case in point I may mention that, while in the original map, the Christian sites were shown between the 4th and 9th Cross Roads, down to the 3rd Main Road — outside of the original Mohomedan block — these have been given away to miscellaneous Hindus; & sites 1142 to 1153 + 1188 to 1201, were found from the Accounts as reserved for the (Christians) instead.

This is simple silliness and pretence to know and to explain to Government what Government knows and to explain to Government what Government knows "Ex officio" and which the Government has removed.

Your most obedient Servant

Sir,

In reply to Government order No 4271-2 dated 26th Instant, L.F. 116-95- I have the honor to forward a file of papers containing 2 memoranda, 2 sketches and 1 petition with enclosure, from which it will be perceived that my order for the reservation of the block of 18 sites between the new Tarapete and the old Pioneer Cheri for the Dakshinavasi Hindustanis was not verbal but was duly recorded.

2. The history of the matter is as follows:- The Dakshina vasi Hindustanis form a distinct community, and their united prayers for educational facilities have come to Government

at other times. Their President is Mr. Twari, who applied for this piece of land for houses to Mr. Rai Bahadur Srinivasacharlu in March 1895, when he was informed that they could not yet be granted, as the allotment of sites in the locality had not been commenced. The application was made to me again. I recorded an order on 10th April 1896 to the effect that it could not be granted, as it was included in the old Pioneer Cheri, which had been reserved in para 12 of Government order No. 24992-25003 dated 27th June 1895. L.F. 82-92

The Vice President then wrote in explanation that the land was not part of the forbidden Pioneer Cheri, but part of the old Barr Parade from which the mandi and other sites of the new Taragpeta had been carved out. The plans accompanying the memo, which correspond with the one submitted to Government by the Municipal Office, confirmed

this statement. Clause (8) of para 2 of the City Improvement Committee's Proceedings dated 16th May 1892 also differentiated between the Pioneer Cheri and the Barr Parade. I thereupon directed in writing on 20th April 1896 that if the reservation ordered by Government in the order above quoted did not extend to the latter, the application of the Dakshinavari Hindustanis (not Brahmans alone) may be granted, and instructed the Vice President to submit a list of the sites with the price of each marked. A list was so prepared, but I was unable to confirm the same before the Municipality was separated from the Deputy Commissioner's charge.

3. In conclusion, I submit that as far as I can see from the Records, the land in question is quite separate from the Pioneer Cheri which was specifically reserved by Government, and that the

grant to the Dakshina Vasi Hindustani community should hold good, on due payment of course.

4. The enclosures of the Government order under reply are returned.

I have the honor to be,

Sabha of Bupore, Bangalore City

The Secretary to the Government
of Bupore Revenue & General Depar
Bangalore.

Sir,

I beg to inform you that it is nearly one year since the Deputy Commissioner Bangalore, took favourable view of our application for the building sites in front of the old Pioneer there in the Western Extensions of the City, being given to the members of our Community; and though the grant was made and the sites marked out on the ground, we have not been put in possession of them as yet.

2 I have therefore been requested by the members of the Dakshinavasi Hindusthani jana Maha Sabha to solicit the favor of early orders being issued for the handing over of the sites to us & we see just now that some of these sites are being added on to the Compound of St Joseph's Church close by

Sir,

With reference to Government Proceedings No. 4222 / L.T. 82-92 of the 8th Instt I have the honor to resubmit the plan received with the above dis- tinctly marking thereon the sites already acquired and to be still acquired and to state that the extent of 1-a 2-g of the former as re- -ported in this Office letter No. 69 of the 15th ultimo is correct. I un- -derstand from enquiries that at the extent of 1 a 2 g

in Government Proceedings No
24999-25003 dated 27th June 1895 was
LF 82-92
only roughly estimated. I beg to
add that the difference of 18 guntas
referred to in Government Proceed-
-ings under reply is included
in the extent still to be acquired,
the whole of which measures 1 acre
and 8½ guntas
